

Le système de production d'herbe

... et sa cascade de conséquences...

Les dispositifs d'étude

Au cœur de la recherche-action

If there is an agenda for rodent research in this century, it is to produce high-quality quantitative data over the long term for a variety of sites in temperate, polar, and tropical habitats
Charles Krebs (2013)

Poste d'interface Ministère de l'agriculture et de l'alimentation-FREDON-CE

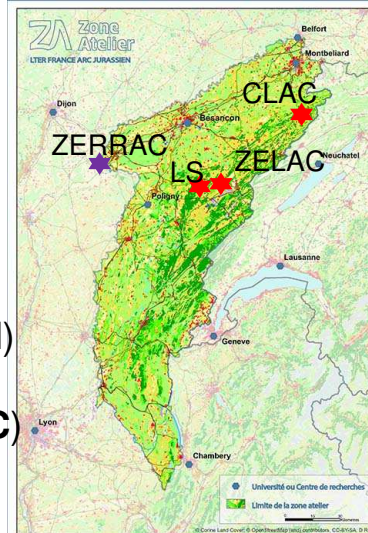

- 40% ETP
- Chrono-environnement – FREDON
- Appui aux protocoles, réglementation nationale & FREDON France
- Co-financement DGAL (52%) – FREDON – Chrono-environnement

4 zones expérimentales

CLAC, ZELAC, Le Souillot, ZERRAC

- Thèse + post-doc Petra Villette 2014-2019 (436 k€)
