Step 4
My documents

You complete four different steps to finalise your application.

My project

STEP 1

Complete this part by indicating the city where you will be studying. You can choose your rent duration, but be aware that if you have to move to a different city, you can ask to change the address to your new one.

My profile

STEP 2

Complete this part with your personal information.

- Indicate the address where you live at the moment in your country.
- For your phone number, click on the flag to change the country
- Professional status: you will either put "student with no revenues" or "student with revenues" (if you have a scholarship for example)
- School or university: put "other"

STEP 3

If your professional status is "**student with no revenues**" you will need to provide a responsible party, so tick yes on this page.

If your professional status is "**student with revenues**", you can tick no and carry on to the next step. However, if Garantme thinks that the revenues and/or savings you indicated are not sufficient, they will ask you to provide a responsible party as well.

STEP 4

If you are eligible for Garantme, you will be able to submit your documents.
